OBJECTIVE

Creative Graphic Designer with a Computer Science background and a strong passion for visual communication. Skilled in **creating engaging social media designs, branding, logos, posters, banners, photo editing and video editing**. Passionate about transforming ideas into clean, modern, and impactful designs while continuously improving creative and technical skills.

EDUCATION

Bachelor's degree in computer science:

The Egyptian E-Learning University (EELU) (2022 - Graduation June 2026)

Grade: Very Good with Honors

SKILLS

Technical Skills: Social Media Design - Branding - Logo Design - Poster Design - Banner Design - YouTube Thumbnail Design - Photo Editing - Video Editing - Typography - Color Theory - Layout Design - Visual Communication - Brand Identity

Tools: Adobe Photoshop - Canva - Adobe Illustrator - Adobe Lightroom - CapCut

Soft Skills: Creativity - Attention to Detail - Time Management - Communication - Problem Solving - Teamwork - Adaptability

Languages: Arabic (Native), English (Good).

PROJECTS

Wrestling Team Branding (Real Client):

Designed the team **logo** and custom T-shirt artwork that was successfully printed and used by the client using **Adobe Photoshop, Canva, Adobe Illustrator**.

Burger Restaurant Social Media Ad:

Designed a promotional **social media advertisement** focusing on visual hierarchy and product presentation using **Adobe Photoshop**.

Product Hero — Luxury Skincare Campaign:

Created a complete luxury skincare advertising concept with the product as the visual hero. Designed the product logo and visual identity from scratch, including the logo concept and overall product presentation, rather than using a pre-existing brand. Used AI-assisted tools such as **Ideogram, Google AI Studio, and Freepik AI**, alongside **Adobe Photoshop** for composition and additional detail adjustments.

Human Hero — Skincare Campaign:

Created a complete skincare advertising concept featuring a human hero, using **Canva, Ideogram, Google AI Studio, and Freepik AI** as core creative tools for developing the visual concept, imagery, and composition. **Adobe Photoshop** was also used for additional editing and refinement.

Travel Promotional Video:

Created a promotional video for trips to Alexandria and Cairo, showcasing key destinations through engaging visuals, music, transitions, and well-structured content to clearly communicate the trip details and attract viewers. Edited using **CapCut**.

Nike Sneaker Poster:

Designed a promotional poster for a Nike sneaker, focusing on product presentation, visual composition, typography, and advertising aesthetics using **Adobe Illustrator** and **Adobe Photoshop**.

Custom T-Shirt Mockup:

Created a realistic **apparel mockup** by integrating custom artwork into product presentation using **Adobe Photoshop**.

COURSES & TRAINING

Graphic Design Camp:

Completed a Graphic Design training program focused on **Adobe Photoshop, Adobe Illustrator, social media design, poster design, typography and branding.** (Creativa) (2025)
